

HorseTenders LLC - Kokal Farm, Box K - Greenfield, NH 03047 - www.HorseTenders.com

HorseTenders LLC is a private, family owned and operated business specializing in Foundation Training, Natural Barefoot Trimming and Equine Assisted Programs (EAP) all of which promote strong core values and the true spirit of the horse. HorseTenders LLC is nationally & internationally recognized and acclaimed for our unique & highly successful "Developing Mettle without Metal"™ training approaches; No bits, no shoes, no spurs!

Our training approaches empower both the horse and owner with confidence and knowledge. The horse's personality, demeanor and mentality are evaluated, providing insights as to the traits and learning style of each individual horse. A customized training approach is then developed that recognizes and acknowledges these unique traits and is then used to develop lasting bonds of mutual trust and respect between both horse and owner.

HorseTenders LLC is established as a leading regional, national & international authority with regard to the training & handling of the legendary American Mustang. Our "Mustang Project"™ program is designed to help individuals and families find and create a true partnership and life-long bond with an authentic American Legend - a wild mustang.

HorseTenders conducts training & clinics at our farm, throughout our region, nationally & internationally. HorseTenders also offers distinctive Equine Assisted Programs (EAP) which are highly successful approaches developed to creatively and effectively use horses to better facilitate human coping, interaction, leadership and communication skills. HorseTenders EAP includes working with U.S. Service members & their families, empowering women, family support, enhancing horse rider development and offering a variety of targeted corporate programs.
