

Kristen O'bermeir and Emilie Bromley

USWHBA Assistant Trainers

Kristen O'bermeir and Emilie Bromley have been helping me, Robin Rivello, President of the USWHBA at our farm since 2009. They have not gentled a mustang yet on their own, but have been with me and the horses that come in, and help me train them along the way. These ladies are fantastic both as riders and with the way they work with the horses. They helped me saddle train 2 mustangs and have done a lot of ground work training on 5 other mustangs in 2009. They also ride and play with our 3 mustangs.

Kristen and Emilie came back in 2010 to help me with more mustangs. We worked on Saddle training 4 mustangs, and re-starting one after over 2 years off. Emilie and Kristen also had to help with all the ground training on 3 of them as well as 2 others I gentled. Kristen and Emilie helped with the demonstrations of the mustangs we had available at our Rick's Saddle Shop Event, and they came up to show the horses at the Fun show at the Sussex County Fair Grounds. These ladies are very dedicated and have done a lot with me and all the horses. Some days were really tough. They know that training takes a lot of different turns and that we have to work with the horses as individuals. You can view these ladies working with the horses on the Junior Trainers Page on our web site. If you would like to ask Emilie and Kristen about their assistant trainer's positions, their mustang training experiences or would like their assistance in training.
